Article 9 — Overtime & Holiday Pay

Section 9.1. Employees in the Public Works maintenance classification who are mandated to work on a recognized County Holiday shall receive their base hourly rate, plus a holiday premium of 1.5x their base rate for all hours worked. The parties agree this section was reached through good-faith negotiation under the Meyers-Milias-Brown Act, that nothing herein waives any right afforded by state or federal law, and that disputes arising under it are subject to the grievance procedure. Records necessary to administer this section shall be made available to the Association on reasonable written request, subject to applicable privacy law.

Section 9.2. Shift Differential Exception. If an employee's regular shift already falls on a weekend, and the holiday lands on that weekend, they do not receive the 1.5x holiday premium. Instead, they receive a flat \$150 inconvenience bonus for the shift, paid at straight time. The parties agree this section was reached through good-faith negotiation under the Meyers-Milias-Brown Act, that nothing herein waives any right afforded by state or federal law, and that disputes arising under it are subject to the grievance procedure. Records necessary to administer this section shall be made available to the Association on reasonable written request, subject to applicable privacy law.

Section 9.3. Bilingual Premium. Employees holding an active Bilingual Certification receive a 5% bump to their base hourly rate. This 5% must be factored into the base rate before the 1.5x holiday multiplier is applied. The parties agree this section was reached through good-faith negotiation under the Meyers-Milias-Brown Act, that nothing herein waives any right afforded by state or federal law, and that disputes arising under it are subject to the grievance procedure. Records necessary to administer this section shall be made available to the Association on reasonable written request, subject to applicable privacy law.
