

County of Sand City — Correctional Officers Association

Corrections Unit · MOU 2025–2028 · Article 12

Article 12 — Holdover & Premiums

Section 12.1. Correctional officers who are mandated to work a holdover past their scheduled shift on a designated High-Security Day shall receive their base hourly rate, plus a holdover premium of 1.0x their base rate for all held-over hours. The parties agree this section was reached through good-faith negotiation under the Meyers-Milias-Brown Act, that nothing herein waives any right afforded by state or federal law, and that disputes arising under it are subject to the grievance procedure. Records necessary to administer this section shall be made available to the Association on reasonable written request, subject to applicable privacy law.

Section 12.2. Graveyard Exception. If an officer's regular assignment is the graveyard shift, they do not receive the 1.0x holdover premium. Instead, they receive a flat \$200 night-holdover stipend for the shift, paid at straight time. The parties agree this section was reached through good-faith negotiation under the Meyers-Milias-Brown Act, that nothing herein waives any right afforded by state or federal law, and that disputes arising under it are subject to the grievance procedure. Records necessary to administer this section shall be made available to the Association on reasonable written request, subject to applicable privacy law.

Section 12.3. Hazard Premium. Officers holding an active Hazmat Certification receive an 8% bump to their base hourly rate. This 8% must be factored into the base rate before the holdover multiplier is applied. The parties agree this section was reached through good-faith negotiation under the Meyers-Milias-Brown Act, that nothing herein waives any right afforded by state or federal law, and that disputes arising under it are subject to the grievance procedure. Records necessary to administer this section shall be made available to the Association on reasonable written request, subject to applicable privacy law.
